To all persons afflicted with Gravel.

Mr. J. F. Cowan:—Dear sir:—I hereby certify that in the summer of the year 1855. a servant of mine, a boy about 19 years of age, who had always before this time been stout and of a vigorous constitution, was attacked with gravel. A Physician was called who attended on him for several menths, during which time he grew worse daily until he was helpless, and I believe would have died in a few days had it not been for a friend, who advised the use of Cowan's Lithontriptic. I procured a few bottles, the first of which gave him resief, and in a short time he was able to walk about, and finally fully recovered; since which time he has had no symptoms of said disease, and to all appearance is a second symptoms of said disease, and to all appearance is as beathy as any servant on my plantation. I therefore recommend it to all persons suffering under a like disease, as one of the most certain remedies.
